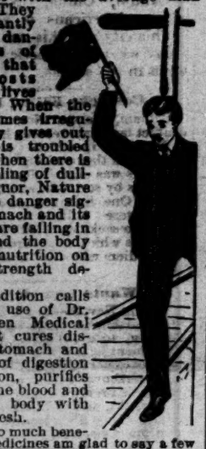
DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out; when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.



Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"I have had so much benefit from your medicines am glad to say a few words that you may use for publication," writes Mrs. J. R. Downes, Crystal Lake, Conn. "I had been troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were headache, frequent pains around heart and under right shoulder-blade. My hands and feet were cold nearly all the time, and I had such chilliness between shoulders. Some days cared but little for food; I lost flesh; felt so tired and miserable it seemed I couldn't do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of 'Golden Medical Discovery,' and after taking it I felt so much better we determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until now I am well."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing *only* and he will send you a free copy of his 1008-page Common Sense Medical Adviser, paper-covered. Cloth-covered 31 stamps.

Dr. Pierce's Pellets Cure Constipation.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '04, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Death of Midshipman Branch.

As was stated in the Gazette, Midshipman James R. Branch, of the second class, died at Annapolis yesterday morning, having received an injury to his brain in a fight with Midshpman Minor Meriwether, jr., of the class below him.

The fight took place Sunday night and was a prearranged affair. Meriwether was also injured, his face being bruised and his wrist sprained and he is now in the hospital.

Midshipman Branch was the son of Col. James R. Branch, of New York city, an officer of the Hanover Bank and secretary of the American Bankers' Association. The family formerly resided in Richmond, Va., where they have many relatives. He was the only child of his parents, who were with him when he died.

The fight, it is stated, arose from the fact that Branch had reported Meriwether for some minor offense, Branch being on duty and required to make the report. A challenge to fight followed and it was arranged to take place on Sunday night on the "wood pile," a collection a piles back of the carpenter shop, near the end of Maryland avenue, the scene of many such encounters. The fight was arranged in a regular price-ring manner, with referee, timers and seconds. It lasted 23 rounds and Branch was disabled. Meriwether not being in much better shape.

His comrades did not think that the injured youth was in a very serious condition and carried him to his room, thus making the mistake which cost him his life, as it developed that a promp operation would probably have saved him.

On Monday morning Branch lapsed into a semiconscious state and had to be taken to the hospital. The chief medical officer, Dr. Byrnes, with the members of his staff, Drs. White, Webb and Stone, decided that an operation was necessary, and this was performed by Drs. Finney, of Baltimore, and Kerr, of Washington.

The surgeons found a clot of blood on the right side of the brain which had caused the paralysis of the left side of the body and it was removed. Although it was realized that the operation was late, yet it was hoped that there would be a recovery, but toward morning there was a great weakening in his condition and he died at 10 o'clock without having regained consciousness.

One theory of the immediate cause of the death was that Branch was knocked down and struck his head against a large piece of wood, but it is stated by the surgeons that there was little or no wound on the head near the clot, and that his condition was more likely to have occurred from exhaustion. At the academy the affair is generally characterized as "skylarking." However, there is no question that the prearranged fight took place.

Young Branch was buried in the Naval Cemetery at Annapolis this afternoon and an investigation will be made immediately. Of course, the actual witnesses of the affair are not saying anything about it, but in one way or another the details have become public property. While Meriwether was in a class below Branch, he was a few months older, both being in their twentieth year.

Both of the midshipmen had some reputation as athletes, Branch as a wrestler and Meriwether as a football player on the academy scrub and class team. Meriwether was somewhat larger, but there was no great disparity in strength or weight. Meriwether has been engaged in other fights in Annapolis, and had achieved some reputation in that line. His parents home is at Lafayette, La.

Young Branch was a fair student, standing in about the middle of his large class of nearly 250 members. He was youthful in appearance, quite handsome and with an extremely bright and healthy appearance.

The authorities, midshipmen and others connected with the academy are deeply depressed over the sad affair, and the deepest sympathy is expressed for his parents. Prearranged affairs of the kind are fairly frequent at the academy, and some of them have been most brutal.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or no unpleasant effect. Sold by Gibson & Timberman and W. F. Creighton & Co.

Nature Needs But Little.

Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headaches, constipation, etc. The famous little pills "Early Risers" are pleasant in effect and perfect in action. They never gripe or sicken, but tone and strengthen the liver and kidneys. Sold by W. F. Creighton & Co., 401 King street.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees— the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.

Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

3 DON'TS
Don't boil it too long.
Don't let it stand more than ten minutes before serving.
Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

(Save these Lion-heads for valuable premiums.)

Funds for Jewish Sufferers.

At a mass-meeting of Jewish residents of New York yesterday $56,800 was collected for the relief of the sufferers of the massacres in Russia, and a relief society was formally organized, with Oscar S. Strauss, former minister to Turkey, as president; Cyrus Sulzberger, secretary, Jacob H. Schiff, treasurer.

The meeting was attended by representatives from all stations in life of the Hebrew citizens. Dispatches from London, Paris and Berlin expressed a willingness on the part of the populace to co-operate aud form an international society upon the completion of the organization in New York.

The movement in London is in the hand, of Lord Rothschild, in Paris, of the Jewish Colonial Association, and in Berlin of the Berliner Hillsverein. A dispatch from Paul Nathan, vice president of the latter organization, announced that he would start at once for Russia. It is proposed to distribute the money collected by the movement through the diplomatic agencies of Great Britain, and Mr. Schift announced that Lord Lansdowne had been communicated with on this point.

Prof. Richard Gotheil, of Columbia University, aroused considerable discussion over the disposition of the funds. He was of the opinion contrary to Mr. Schiff, and was talking to a motion made by Mr. Schiff that the funds go to the relief of all the sufferers by the massacres, whether Jews or Christians.

Professor Gotheil argued that this was a meeting of Jews for the relief of Jews, and that the funds should be devoted to the relief of Jews alone. Finally, it was decided that the funds should be administered by a committee of 50 to be appointed by the chair. Those who contributed to this fund with the proviso that their money should be used for the relief of the Jews should have their wishes respected, but otherwise the money will be used for the relief of all sufferers in Russia, whether Jew or gentile.

The subscription lists were kept open and Jacob H. Schiff was designated as the individual to whom subscriptions may be sent.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING. NOV. 8, 1905.

THE ELECTIONS in several States yesterday make it apparent that the democrats are losing no ground, at least. Mayor McClellan, notwithstanding the combination and machinations against him in and out of the regular democratic organization, is elected Mayor of New York according to the latest figures received, by a small but decided majority, while the good government party in Philadelphia has snowed under the corrupt republican ring which has for years dominated that city, and the shade of William Penn can hover over the city of brotherly love under changed conditions from those of the past. In Ohio the democrats claim the State, although their political foes, who still act upon the principle, "claim everything," are endeavoring to play a bluff game upon the victors by pretending the republican ticket has been triumphant. Later dispatches, however, say the republicans concede the election of the democratic candidates in that State. The fate of Maryland is sincerely regretted by all democrats, especially in her sister southern States, the latter having for months indulged the hope that Senator Gorman would succeed in purging the ballot in his State as has been done in the South. Negro manumission was forced upon Maryland at the outset of the war mostly by soldiers and others who helped to keep that State from becoming one of the Southern Confederacy. Later negro suffrage was foisted upon Maryland, and that State has experienced the evils incident to allowing irresponsible and non-tax-paying blacks or whites to vote. Senator Gorman has failed of his purpose by a coalition of republican enemies in his own camp, but his exertions will ever be understood and appreciated by all right thinking people. But little can be said in regard to Virginia, except to note the fact that she is where it is hoped she will ever be found, strongly entrenched in the democratic column.

A NAVAL cadet died at the Annapolis naval academy yesterday as the result of "the code of honor that obtains at military and naval schools." In other words he was killed in a prize fight conducted after the fashion of toughs who go into the prize ring and subject their bodies to brutal treatment that they and their pals may receive money thereby. The information given out at the academy is that the unfortunate young man reported another midshipman for a breach of discipline and this led to a fight which was arranged after supper Sunday night. The young men fought with bare fists twenty-three rounds. The fight was in a ring and carried on with seconds and according to the prize ring rules. In the last round one was knocked down and struck his head in the fall. The left side of his head was injured and that side became paralyzed. He was removed to the hospital where he subsequently died. The other is in the hospital suffering from a sprained wrist and a bruised face. The whole affair is a disgrace upon the academy and a severe reflection upon United States officers who, if they do not connive, wink at such brutal practices. The matter should be investigated to the bottom and every one in the remotest way connected with it should be expelled from the academy and made to pay the penalty of manslaughter.

THE ELECTION in Virginia yesterday resulted, as expected by all sensible people in the State, in a big majority for the democratic ticket, with Mr. Swanson at its head. The political affairs of the State have been in the hands of the democratic party for years past and have been faithfully and economically administered and no sane man could advance a good reason for a change to republicanism. The democratic party at its State primary last August named a strong ticket from top to bottom and there was but one thing left to be done—elect that ticket, and this was done in great shape. The Legislature will be overwhelmingly democratic in both branches and Senator Martin will be returned with practically no opposition. A large majority of the counties will continue in control of democratic officers and all should rejoice that the conditions which have prevailed during the past twenty or more years are not to be disturbed.

FOR THE first time since the war Alexandria city and county returned its delegate to the Legislature for the third successive term. This is a compliment to Mr. J. R. Caton, but one which he deserves, as he has made a most efficient representative of this district.

THE contract entered into between Col. Slemp and Secretary Shaw for the delivery of Virginia to the republican party seems to have been broken by the party of the first part.

SHE BREATHED; she burned; but she would not come—Maryland, My Maryland!

MR. SWANSON received 880 votes in Petersburg yesterday and Lewis 72. Only half a dozen negroes voted there. The Petersburg people remembered that Judge Lewis once asked that federal troops be sent to that city on an election day.

THERE is one consolation from Maryland; Senator Gorman will remain actively in politics in that State.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Nov. 8.

Secretary of the Navy Bonaparte said this afternoon that the death of Midshipman Branch at Annapolis was greatly deplored by the Navy Department. He would make no further statement at this time than that the affair would be fully investigated.

In regard to the expressed desire of so many well-intentioned persons that the government of the United States should take some action to bring about a cessation of the outrages upon the Jews in Russia it is pointed out at the State Department that any representations that might be made at the present time on the subject to the Russian government would be useless and irritating for the reason that that government is itself impotent to preserve order. To have that unpleasant fact "rubbed in" so to speak, by appeals from the outside for protection for any particular class of Russian subjects would be exceedingly distasteful and inopportune. In reply to a recent letter addressed to him by Hon. Simon Wolf, president of the B'nai B'rith, a Hebrew organization, on this subject, Secretary of State Root has sent a letter, in which he states that the problem of doing something to help the Russian Jews is "one which strongly attracts the sympathetic attention of this government."

A revolutionary outbreak in Santo Domingo has been reported to the State Department. Just how serious it is the department is not informed, but in order to be on the safe side it has been determined to send an American warship to the scene of trouble. The outbreak occurred yesterday at Macoris, a port on the south side of the island, and one of the places where the customs house is in charge of the American collectors. While definite details are lacking, the State Department is inclined to believe that the attempt at revolution has been aided and abetted, if not instigated, from New York, possibly for the express purpose of influencing action in the U. S. Senate this winter on the pending treaty between this country and San Domingo which would give the United States power and authority to maintain order in the little republic while administering its finances.

Nearly 1,000 hardware men of the country attended the opening meeting of the National Hardware Association at the Arlington hotel this morning. About half this number were manufacturers who held the first meeting of the American Hardware Manufacturers' Association this afternoon at the New Willard. The only business taken up at the first session was a discussion of the catalogue house question. The dealers wanted the manufacturers to hear what they had to say on the subject. Under the leadership of S. Nowelle, of St. Louis, dealers discharged batteries of oratory against the catalogue house business for the mail-order firms, calling upon the manufacturers to refrain from selling goods to these houses.

During the past fiscal year, there were 6,533 desertions from the army or 11.07 per cent of the enfire enlisted strength. The desrtions increased 660 in number over the preceeding year, and in percentage 1.25. These figures are made the text of an interesting chapter in the annual report of Inspector General G. H. Burton, whioh has just been submitted the War Department.

To the few intimate friends who received election returns with him at the White House last night, President Roosevelt did not hesitate to express satisfaction with the triumph of the reform element. He was particularly gratified over the election of Jerome as District Attorney in New York, and the victory of Mayor Weaver and the city ticket in Philadelphia. It is said also, that while he was somewhat surprised over the way the voting went generally in Ohio, he did not shed any tears because of the defeat of the Cox machine in Cincinnati. When Secretary Taft made his speech at Akron, in which he declared that if he were in Cincinnati on election day he would vote against the local republican ticket, it is believed that he echoed the sentiments of his chief. Close observers of political affairs here attribute the defeat of the republican organization in Cincinnati largely to Secretary Taft's speech, and therefore to the President. Ostensibly the President kept out of the Ohio fight, as he did out of that in New York. It is said that the President regards the victory of Jerome in New York as the most important feature of the election. With Jerome at the helm in New York's department of justice, he believes that Tammany will be forced to be more circumspect than in the past in the administration of local affairs in New York.

Herbert H. D. Peirce, Third Assistant Secretary of State, will, it is understood, be appointed U. S. Minister to the new state of Norway when the organization of that country's diplomatic service is perfected as a result of its recent separation from Sweden. Mr. Peirce is believed to be eminently qualified to fill this important diplomatic post with dignity and honor to the United States. He has had previous diplomatic experience, having served for some years as Secretary of the U. S. Embassy at St. Petersburg. He was recalled from there to succeed Thomas Cridler as Assistant Secretary of State in charge of the consular service. Since he assumed his position he has personally visited many of the U. S. consular offices in Europe and Asia, and as a result of his investigations many of his recommendations for the betterment of the service have been adopted. The Secretary will also recommend that the American legation at Tokio be elevated to the rank of an Embassy. It is known that Japan contemplates a similar change with regard to her legation here.

The government of Morocco, according to Consul General Philip, of Tangier, is on the point of taking serious steps toward the introduction of important reforms. The assistance of the various powers represented in Morocco will be solicited. The council predicts with the reform the conservative disinclination to innoviations will fast disappear with increasing prosperity, and not only the foreign residents, now many in numbers along the coast towns, but a large native population will be dependent upon importations for the necessities of life. The prediction is made that within ten years the general trade of Morocco with other countries will be doubled.

Secretary of the Navy Bonaparte has written letters of commendation for bravery to Albert Leander Froberg, ordinary seaman, and Frederick W. Klaus, blacksmith, on the battleship Ohio, who performed worthy deeds off Taku, China, Sept. 15, last. Froberg and a seaman named Clegg were on a stage cleaning the ship's side when the staging gave way, and both fell into the water. Clegg's jaw struck the armor belt and was fractured in two places. Froberg's ankle was injured but he went to Clegg's assistance. The latter grabbed Froberg and both would have drowned had not Klaus gone overboard to the rescue, saving Clegg, and Froberg unhampered saving himself. Ordinary seamen Robin Town and Henry Schulmeyer who were working on another stage some distance from the one that collapsed went overboard to the rescue, but Klaus beat them to it. Secretary Bonaparte sends each a letter conveying the commendation of the department for praiseworthy effort.

The District Court of Appeals handed down a mandate this morning, ordering Frank W. Palmer, former, public printer, to pay $50 fine for violating the anti-smoke laws. Palmer is now outside of the jurisdiction and the question is being raised whether the fine must be paid by Palmer, who is no longer a federal office holder, or the decree be satisfied by the government.

Sir Mortimer Durand, the British Ambassador, called at the White House today for the purpose of introducing to President Roosevelt the members of the royal commission now examining the institutions for the feebie minded. The commissioners introduced were W. P. Bryant, Dr. Donkin, Dr. Dunlop, W. H. Dickison, and Mrs. Hume Pinsent.

President Roosevelt had a consultation over the statehood question with a delegation from Oklahoma today. The visitors urged the President to use his influence in favor of making Oklahoma and Indian Territory one State. The Oklahoma delegation expressed the hope that the territories would be granted statehood without being forced to make any prohibition pledges.

The President today announced the appointment of Frederirk S. Nave, at present U. S. District Attorney for Arizona, as Associate Justice of the Supreme Court of the territory to succeed Judge Tucker. The position had been offered to Judge Paul Lessen, of Nebraska, but he declined. The appointment was also announced of Capt. Joseph L. Alexander, of Phœnix, to succeed Judge Nave as U. S. District Attorney. Capt. Frank Sands, at present Osage Indian Agent in Oklahoma, has been selected as the governor of the territory to succeed Governor Ferguson, when the latter's term expires.

The Elections.

Elections were held yesterday in seven States and six of the larger cities.

In Virginia a very light vote was cast. Congressman Claude A. Swanson, democrat, defeated Judge L. L. Lewis, republican, for Governor by about 34,000 majority. The republicans appear to have gained a few members of the Legislature.

George B. McClellan (Tammany democrat) was re-elected Mayor of New York by a very small plurality. William Travers Jerome (independent) was re-elected District Attorney of New York by a small plurality over James W. Osborne (Tammany democrat). Hearst carried Brooklyn borough with a plurality of 15,628 over McClellan. Hearst threatens to contest the election.

A new Assembly and two members of the Senate of the State of New York were elected. In the last Assembly the republicans had 104 out of 150 members. In yesterday's election they lost 6, making the Assembly of 1906 stand 98 republicans to 52 democrats. The Senate elected last year holds over, the two members elected yesterday being chosen to fill vacancies. John M. Quinn, democrat, was elected in the Sixteenth district, New York county, to succeed P. J. Dooling, democrat, and Sanford W. Smith, representative, was elected in the Twenty-fourth, to succeed Henry S. Ambler. The Senate remains politically the same as it was in the last session, having 36 republicans and 14 democrats.

In Maryland the Poe amendment to the constitution was badly defeated. In almost every county the vote in favor of the disfranchising amendment was less than that for the democratic ticket, showing that many democrats voted against the amendment.

The House of Delegates will be closely divided, with probabilities in favor of the democrats. The 11 hold-over democratic Senators give that party a great advantage, making their control of the Senate certain and majority on joint ballot probable. A democratic majority on joint ballot will insure the election of a democratic Treasurer and save the Board of Public Works to the party, even if Comptroller Atkinson should be defeated.

Mayor Weaver's campaign in Philadelphia against the republican organization leaders, Israel W. Durham, Senator Boies Penrose and others, was a whirlwind of success, the majority against the so-called "bosses" being estimated at as high as 60,000. There were numerous conflicts, but no one was severely injured, and more than 500 arrests were made. Never before have so many ballots been cast in a local election in that city.

In Ohio John M. Pattison, democrat, for governor, defeated Myron T. Herrick, republican, (incubent), by about 50,000, the temperance element having aligned itself with the democrats. George B. Cox, republican boss of Cincinnati, concedes the election of Dempsey, democrat, for mayor of that city by 15,000. Tom Johnson has been re-elected mayor of Cleveland, Ohio. A notable feature of the election in that State was the formal announcement by Cox, the well-known republican leader, of his retirement from active politics.

The Massachusetts democrats concede the election of Curtis Guild, jr., republican, as Governor, and admit that Henry M. Whitney, democrat, has been defeated for Lieutenant-Governor. The most stubborn fight was made over this last named office. The election was on the issue of reciprocity with Canada and tariff revision, and seems to have resulted in something of a compromise.

The republicans seem to have elected their judges and drainage board in Chicago by about 7,000.

The election in Rhode Island is in doubt, but seems to indicate the re-election of George H. Utter, republican, for governor.

Mayor Schmitz, in spite of the fusion movement against him, has been re-elected mayor of San Francisco.

In Louisville the entire democratic city ticket is elected.

In Salt Lake City the American party managers claim the election of Ezra Thompson, the anti-Mormon candidate for mayor.

The election in Connecticut was confined to the cities of Bridgeport and Ausonia, where the regular city elections were held. The democratic administrations, which had been in power for four years, or two terms, were defeated in both places.

The election in New Jersey yesterday increased the republican hold upon the State legislature, and makes it impossible that a democrat should succeed United States Senator John P. Dryden in 1907.

VIRGINIA.

Virginia's new officers will be: Governor, Claude A. Swanson; Lieutenant-Governor, J. Taylor Ellyson; Attorney-General, William A. Anderson; State Superintendent Public Instruction, J. D. Eggleston, jr.; State Treasurer, A. W. Harman, jr.; Commissioner of Agriculture, G. W. Koiner.

A very light vote was polled in Virginia. Claude A. Swanson, the democratic candidate for Governor, appears to have carried the State by 34,000 majority over Judge Lunsford L. Lewis, republican. Democratic candidates for local and legislative offices were elected generally throughout the State, though by reduced majorities. There was so little interest in Richmond that out of a total vote of about 7,000 only about 3,500 were polled. The democratic majority in the city is about 2,500.

Some persons estimate the total vote in Virginia at less than 130,000. The republicans have a representation in the present legislature on joint ballot of about 16. In the next legislature they will apparently have about 25, a republican gain of 9 or 10 members of the General Assembly.

The fight for the Louisa county senatorship resulted in the election of Judge Sims. George Whitehead, democratic candidate for the House from Nelson county, has also won.

The republicans will probably carry the counties of the Ninth district by the same percentage of majorities as those polled in the congressional election last year. The republicans expect their candidate, Judge Lewis, to come out of the Ninth district with 10,000 majority.

The negro vote was exceedingly light all over the State. They maintained their threat to keep away from the polls.

Swanson, for Governor, and the democratic ticket will receive large majorities in the eastern districts.

Alvah H. Martin, rep., claims re-election as clerk of Norfolk County Court by 1,000 majority. All the Legislative ticket of the democrats is elected in Portsmouth and Norfolk county by handsome majorities.

R. C. L. Moncure of Stafford, democrat, is elected to the House over M. W. Payne, republican, from Stafford and King George counties.

The official count of Westmoreland county gives Swanson 150 majority over Lewis; and Mason, dem., for House of Delegates, 163 majority over Griffith, rep.

Fairfax elects Robert E. Lee to the House by over 200 majority, and that county has given Swanson a majority exceeding this for Governor.

Culpeper goes for Swanson and the rest of the democratic ticket by at least 350 majority. The vote polled throughout Loudoun county was very small. Complete returns from the county give Swanson, for Governor, a majority over Lewis of 875; Ellyson, for Lieutenant-Governor, a majority of 835 over Kent, and about the same for the rest of the democratic ticket. Major B. W. Lynn, for Senator from Loudoun and Fauquier, had no opposition. J. H. Cockran, floater delegate, has a majority over L. W. Hickman of 850. F. M. Love, for the House of Delegates, defeated William Brown by a majority of 800.

Fauquier gives Swanson a big majority. Green defeats Strother for the House by over 500 majority.

Pittsylvania county and Danville gave Swanson almost a unanimous vote.

Later returns show more apathy on the part of the republicans than on the part of the democrats. Reports from the southwest give the following returns; Highland county gives the republicans a majority of only eight; Patrick goes democratic by a small majority; Wise, republican by 600; Pearisburg, democratic by 300. Reports received from republican sources give Lewis Tazewell, by 500; Smythe, by 400; Wythe, by 300; Grayson, by 200; Shenandoah, by 300. The democrats show increased majorities over last year in those sections where there was a warm contest in the recent primary. The southwest district has been considered the republican stronghold.

Returns from the Ninth district, Slemp's home, show a decided falling off from the Roosevelt and Slemp vote of last year. Coleman and Bowman, democrats, are elected by overwhelming majorities for the House of Delegates. Montgomery county has elected Johnson (dem.) over Heermans (rep.). The county gave Swanson 120 majority against 18 for Roosevelt a year ago.

Notable democratic victories were won in Charlotte, Louisa, Nelson, Fluvanna, Goochland, Page and Rappahannock.

The republicans failed to carry a single city or big town in the State.

D. A. R.

A meeting of the national board of the D. A. R. was held in Washington yesterday. Mrs. McLean was appointed a commissioner from New York for the Jamestown Exposition by Governor Higgins.

The Daughters will build a permanent house on Jamestown Island, one of the highest points of land in that vicinity. This building, to be constructed of stone will cost about $6,500 and its exterior, will be a fac-simile of some old colonial mansion, probably the house of Sir Walter Raleigh. This commission, which originally consisted of Virginia ladies, has been enlarged to 53 by the addition of one member from each State.

At its meeting yesterday the national board of the Daughters of the American Revolution elected 503 new members of that organization.

YESTERDAY'S ELECTION.

VIRGINIA.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Nov. 8.—The democratic leaders are jubilant over yesterday's election results, and Mr. Ellyson in an interview estimates Swanson's majority at 25,000 to 35,000. As is usual the moment results were announced, contests for legislature honors and appointments by the new Governor were begun in earnest and much speculation is already indulged in concerning places to be distributed.

Mr. Robt. Lee's friends in Richmond are helping him for speaker, he seems to be developing considerable strengt, especial,y in Tidewater, Virginia.

NEW YORK.

New York, Nov. 8.—The latest count this morning shows that Mayor George B. McClellan has been re-elected by a little over three thousand votes. Twenty six election districts are still missing. William R. Hearst will contest the election charging that the election was stolen by frauds. Declarations are made that a recount will show Hearst elected.

Of the votes cast for Mayor, Ivins received 135,489; McClellan, 225,221, and Hearst, 222,062. Twenty-six election districts are yet to be heard from, will alightly change this vote.

The latest returns show that District Attorney Jerome has been re-elected without doubt. His plurality will be probably over 10,000 votes.

It will probably be late in December before the Board of Aldermen will be able to complete the count which will be taken to court for final adjudication. Many bettors decline to pay off until the decision of the court.

Hearst's managers say that several ballot boxes have been thrown in the river and that on every hand there are ample evidences of fraud. Mr. Hearst this morning insisted on a contest declaring that he would fight the result to the last ditch.

The entire McCarren ticket in Brooklyn was defeated, while Tammany elected the county ticket in Manhattan. Tammany elected Metz, comptroller, and McGowan as president of the Board of Aldermen.

Tammany hall lost the Board of Aldermen to the republicans and municipal ownership league, having elected but twenty-six aldermen, while the republicans and the M. O's. captured forty-seven aldermen.

The returns from all the districts in greater New York show that McClellan has been re-elected mayor by a plurality of 3,549 votes.

District Attorney Jerome has been re-elected by a little over 11,000 votes. Jerome's plurality, with four districts missing, is 11,148.

The vote for mayor in greater New York was as follows:

Borough.	Ivins.	McClellan.	Hearst.
Manhattan and Bronx	64,086	140,746	123,920
Brooklyn	61,095	68,655	84,603
Queens	7,365	13,193	13,677
Richmond	4,501	6,121	2,966
Total	137,049	228,715	225,166

The latest returns for Jerome show that he polled 119,180 votes, with four election districts missing, while his opponent, Osborne, polled 108,032. Shearn, on the Hearst ticket, polled 72,363, and Flammer, who had previously withdrawn his name, but could not have his name taken from the ballot, received 13,327.

OHIO.

Columbus, O., Nov. 8.—Leaders of both the democratic and republican parties still claim the State at 8:30 this morning. Figures received from 75 counties favor Pattison. Republicans claim that while Pattison leads on the face of the few returns received, estimates based on the ratio of gains and losses, point to the election of Herrick. So they both claim it. Reports continue to come in very slowly. Doubt as to the result may extend beyond today. Chairman Garber's last word is 13,000 for Pattison. Senator Dick confidently claims that Herrick and the entire republican ticket will land safely but gives no figures.

Columbus, O., Nov. 8.—Chairman Dick, of the republican State committee, at noon issued a statement in which he conceded the election of Pattison as governor.

Pattison's election seems assurred by 40,000 at this hour, with several counties not officially reported.

Returns received this morning were more favorable to Pattison. A table of pluralities by counties indicates Pattison's election by nearly 28,000.

This table is made up of figures as far as received and from what seems to be conservative estimates of the returns from other counties based on incomplete returns.

MARYLAND.

Baltimore, Nov. 8.—All doubt as to the decisive defeat of the Poe disfranchising amendment has been removed. Only one third of the 323 precincts in Baltimore City have been heard from. These indicate a plurality against the amendment in the city of at least 20,000. Returns from the State are slowly filtering in, as the complicated ballot renders the counting a long and laborious task. Those received indicate that the amendment has fallen behind the ticket in the counties.

In the city Henry Harlan, dem., who received republican support, is re-elected chief judge of the Supreme Court over Elliott, rep., who ran as an independent. The republicans are claiming one-half of the House with 24 members from Baltimore city.

The counties will probably give 7,000 against the amendment, making total plurality in the State about 30,000 against it. Both sides are claiming the comptrollership, with the result still in doubt. The democrats will likely retain control of the House of Delegates by about five majority.

PENNSYLVANIA.

Philadelphia, Nov. 8.—The full extent of the reform wave and spirit of unrest which is sweeping the country is just beginning to be realized in this republican stronghold. Every fresh return both from city and State, but serves to increase the reform party majority, and make the defeat of the republican party more decisive. There can be no question of doubt that William H. Berry, the reform democratic candidate for State treasurer, has swept the entire State and his plurality will fall little if any short of 90,000. As for the city the majority for the city party or the reform ticket, will not be less than 43,000, and may exceed that figure by several thousand. The republicans carried but 15 wards out of a total of 42, and these by greatly reduced majorities.

The early count of the vote showed majorities for the city party candidates of about 43,000, but as the count progressed the majorities are being steadily increased and the indications are that the final figures will give the city party a majority of close to 50,000.

MASSACHUSETTS.

Boston, Nov. 8.—The total vote of the State for Governor is: rep. 197,512; Baralett, dem. 174,896; Guild's plurality, 23,116. Last year the democratic plurality was 35,989. The most astonishing feature of the entire election was the victory achieved by John B. Moran over M. J. Sughrue in Suffolk county. Mr. Sughrue the present incumbent of the office received the democratic nomination and was given the endorsemedt of the republicans in their county convention. His election was favored by the Boston bar, regardless of party, and it was generally regard as a foregone conclusion.

Draper, rep., for lieutenant governor, 182,197; Whitney, dem., for lieutenant governor, 180,201; Draper's plurality, 1,996.

The democrats made gains in both branches of the legislature, three members in the Senate and one in the House. The legislature of 1906 will stand as follows:

Senate—Republicans, 34; democrats, 6. House—Republicans, 169; democrats, 70; independent, 1.

RHODE ISLAND.

Providence, R. I., Nov. 8.—The latest returns show that George H. Utter has been re-elected Governor by about 3,000 plurality over Garvin, dem., and with him has been carried through the entire State ticket. Former Governor Elisha Dyer, rep., has defeated Clarence Aldrich, dem., for Mayor of this city. Newport turned down Mayor Boyle, dem., and elected Cottrell, rep., Archambault, dem., was elected Mayor of Woonsocket, and Mayor Higgins, dem., of Pawtucket was once more victorious. The republicans will hold the general assembly almost as strongly as last year, their losses being so slight as to make no appreciable difference in either branch.

NEW JERSEY.

Trenton, N. J., Nov. 8.—Only once before in the history of New Jersey was there such a defeat of democratic legislative candidates as that which took place yesterday. The republicans will have seventy-four out of the eighty-one members in the next legislature. There will be seventeen republican senators as against four democrats and fifty-seven republican assemblymen against three democrats.

Newark, N. J., Nov. 8.—Everett Colby, and all his associates on the republican county ticket, were elected yesterday by large majorities.

Anti-Semitic Outrages.

Vienna, Nov. 8.—The massacres of the Jews in the province of Bassarabia are spreading rapidly. A Pan-Slavist leader name Balabanoff, former Mayor of Ismail, headed a mob which formed in the town of Calarashi, and started fires in four parts of the town simultaneously. The mob then blocked all the exits from the Jewish quarter by which the Jews were forced to flee and prevented the Hebrews from passing. It is reported that 1,500 of them were burned to death. The military is attempting to maintain order, but incendiarism continues. Yesterday sixty-six revolutionaries were shot. Hundreds of Jewish families are seeking refuge in Roumania, where the government is allowing them to enter without passports.

Bucharest, Roumania, Nov. 8.—Reports which have reached here in regard to the atrocities practiced upon Jews in various parts of the Russian empire show that many thousands of Hebrews have fallen during the continuance of these outrages. It is impossible to give definite figures as to the casualties inflicted during the reign of terror, but it is known that they were very heavy. It will be a long time before the country recovers from the effect of the outbreaks.

The fire at Ismail was extinguished today but not until half of the town had been destroyed. The Jews who escaped from their persecutors are now sleeping on boats, being afraid to trust themselves in the town.

During the course of the outbreak the Chief of Police of the town was assassinated,

An attache of the French embassy at St. Petersburg who happened to be traveling through Ismail at the time of the outbreak was mistaken for a Jew and had a narrow escape at the hands of the rioters.

Fire and Reported Loss of Life.

San Francisco, Nov. 8.—Fire broke out in the tower of the Chronicle building, at midnight, and three employees of the Chronicle in the etching room are reported to have perished. Scores of people were upon the roof of the building watching the election signals when the fire started at the foot of the tower, completely cutting off their escape, except by means of ropes and ladders, which were later provided by the fire department. The fire burrowed its way downward into the etching room beneath the tower, then to the composing room on the eighth floor. The editorial rooms on the seventh floor soon became untenable and the employes were forced to flee for their lives. The Chronicle building was erected in 1892, is ten stories high, and cost $700,000.

Frightful Railroad Accident.

Scranton, Pa., November 8.—Ten people were killed and sixteen injured in a serious wreck on the Bloomsburg division of the Delaware, Lackawana and Western Railroad, at 11:30 today. A freight train in charge of Engineer Snyder, of Scranton, crashed into passenger train No. 704, due in Scranton from Northumberland at 12:35. It is the worst wreck that has occurred on the Lackawanna in years.

Rumored Assassination of Witte.

New York, Nov. 8.—A rumor was current on the stock exchange today to the effect that Count Witte, the Russian premier, had been killed. The report came from London, according to the gossip on the street. Inquiry made in London by the Publishers' Press showed that a similar report was current on the London Exchange, but that there was no confirmation of the rumor and that it was not given credence there.

Scranton, Pa., Nov. 8.—The call for the big joint convention of the mine workers of the anthracite region which is to be held in Shamokin, on December 14, for the purpose of preparing a list of demands for submission to the operators, was issued today.

Attacked by Rebels.

Berlin, Nov. 8.—Advices received today tell of an attack made by the rebels in German East Africa, upon Kilodo. A small garrison held the town and drove off the rebels inflicting losses of 100 killed and 215 wounded of the enemy.

American Lady Spat Upon.

Canton, China, Nov. 8.—Feeling against Americans is growing stronger in this city and this was well illustrated today when an American lady was spat upon in the streets.

Cossacks Killed by Bombs.

Batoum, Russia, Nov. 8.—A sanguinary conflict lasting seventeen hours has occurred at Nasadoeil in which Cossacks and rioters constituted the opposing forces. A force of Cossacks was utilized in putting down demonstrations by socialists and in trying to restore order. One hundred and five of the Cossacks were killed or wounded. Most of the Cossacks were killed by the explosion of bombs which were thrown at the marchers and soldiers who were made the object of the attack.

Wants Trepoff Continued.

Berlin, Nov. 8.—In an interview with the St. Petersburg correspondent of the Vessische Zeitung, today, Count Witte said: "Improvement in the situation is impossible so long as General Trepoff, the Chief of Police of Petersburg, remains in office. Trepoff's regime is preventing peace, undermining Russia's credit, and is blackening Russia's good name. Trepoff's ejection from his official position is essential.

New York Stock Market.

New Nork, Nov. 8.—The tone of the stock market was nervous all through the first hour, In the general list stocks were supplied freely without regard to the strength displayed in closely held specialties, and selling orders increased after money loaned at 7 per cent.

The Fox Hunters.

The Grafton hounds met at Welbourne, Loudoun county, yesterday morning, at Goose Creek bridge, on the estate of Col. R. H. Dulany. The largest field that has yet attended a meet was on hand, numbering 52, seven being ladies. The high wind prevented the hounds from working well. During the morning, in moving from cover to cover, there were three falls, none of which was serious. Harry Belt, of Baltimore, came down heavily over an ugly stone wall. Welby Carter followed suit at a fence in the next field, and Sportb, the scout of the Grafton hounds, got caught in a wire rider on top of a wire fence and rolled over the ground. At 9:40, the hounds struck a hot trail, and within five minutes had a fox up and going. In crossing the Fletcher estate the fox was viewed by several in the field, with the hounds not 400 yards behind him. The run in and out across the lane proved an obstacle which the majority of the field did not care to face, a barb wire guarding the top of the second flight of rails, Six only succeeded in crossing it. Among these were Mrs. Henderson, of Millwood, and Mrs. James K. Madux, of Warrenton, who went swiftly over the stone walls for five or six miles. After 32 minutes' run, 11 riders who were up were brought to a halt by the Pierce estate, on which the foxhunters are not permitted to ride. The fox circled and ran back along Goose Creek to Welbourne, where, it is said, he went to earth after an hour and 17 minutes' actual run.

The meet today, when the Middlesex pack made its fourth trial, was held at Middleburg at 7 o'clock.

Mrs. Quiggle Improving.

Dr. White, at the Emergency Hospital, in Washington, said last night that, although Mrs. Washington J. Quiggle, the young woman who was shot twice by her husband, early yesterday morning, who then shot and killed himself, is in a serious condition, he thinks she will recover.

Mrs Quiggle was conscious the greater part of yesterday, and appeared cheerful. She said she and her husband had not quareled, and she could not believe he had shot her until she felt the pain.

Mrs. Wilcox, from whom the couple rented the apartments, stated that if they ever had any domestic troubles the fact was unknown to her. Mrs. Quiggle herself says that she is at a loss for an explanation of the conduct of her husband. She declares that he never intimated to her that he intended taking her life or his own. Returning from the theatre Monday night, they had just retired, Mrs. Quiggle said, when suddenly her husband jumped out of bed, turned on the lights and went to a bureau drawer. She saw him take something out of the bureau and he came back toward the bed. When she saw that it was a revolver he had she tried to jump out of bed, but as she raised herself he fired.

Yesterday's Election.

While it is generally conceded that yesterday's election was less animated than any held in Alexandria during recent years, a comparatively large vote was polled. As was apparent during the campaign, the democratic candidates had an easy walk-over. Notwithstanding all the hopes and presages ot the republicans, they only succeeded in securing 24 more votes for Judge Lewis for Governor than President Roosevelt received in this city last year, which shows that their recent propaganda in Alexandria has been devoid of fruit.

There was no anxiety concerning the result in Alexandria nor in the State at large, but many persons naturally were interested in the outcome of the struggles in New York, Philadelphia, Baltimore and other places, and after dark crowds gathered at points on King street where bulletins were thrown upon screens. The dispatches in the main, however, were unsatisfactory, as but little definite news could be obtained.

The streets were comparatively quiet and as the hour grew late the crowds became thinner, the bulk of the people preferring to wait until today to learn the result of the election in the different States.

The vote in Alexandria city and county was as follows:

River Notes.

The quartermaster's wharf at Fort Washington, Md., is reported to have been somewhat damaged Saturday last by one of the large river tugs colliding with it.

The steamer Northumberland of the Maryland, Virginia and Delaware Railway Company's fleet has been withdrawn from the route between this city, and Baltimore for some necessary repair work, and the big side-wheel steamer Westmoreland has taken her place on the route.

The hull for a new pile-driving machine is in process of construction at the old vulcanizing wharf at the foot of Wolfe street, it is stated, for Alexandria parties. The new machine will be about sixty-five feet long and will have a beam of about twenty-five feet, and is to be fitted with new and modern machinery for the building of wharves necessitating the use of extremely long piles.

The Damage Suit.

As stated in yesterday's Gazette, Howard C. Knode, of Alexandria, has filed suit in the United States Circuit Court in Richmond against Crandall Mackey, Commonwealth's Attorney, and Joseph S. Supplee, a magistrate in Alexandria county, for $10,000 damages. The suit is the rasult of the arrest and conviction of Knode under the common law on a charge of vagrancy. He is a telegraph operator and was one of the many arrested in the poolroom crusade made by Mackey when he raided John C. Nelson's poolroom in Jackson City. He was fined $1,000 and given six months on conviction for vagrancy. Knode was suspected of being a pool-room operator. In his suit he alleges that he was assaulted by the defendants, who, when they arrested him, "did maliciously and wantonly pull and squeeze him," etc The hurt done to him bodily and to his business and prospects, he figures as "damnifying" him to the tune of $10,000.

Mrs. Lucy B. Marstellar died at her home at St. Elmo, Alexandria county, last night. She was the wife of Mr. John A. T. Marstellar, and was 38 years old.

Coroner's Inquest.

Dr. Purvis, the Coroner, this morning held an inquest at Demaine & Son's undertaking parlors over the remains of Richard Mills, colored, who was evidently shot in the northeastern part of the city last Saturday night and who died the next day in the home of a colored woman named Annie Brown.

Officers Beach, Garvey and Lyles testified to finding Mills Saturday night apparently in a drunken condition. Officer Lyles had previously heard a pistol shot and when Mills was found it was supposed that he had been injured by a pistol, but he emphatically denied that such was the case. The statements of the officers showed that a young colored woman named Sarah Gaskins was with Mills previous to the time he was found, but when she was examined she denied having seen the dead man and said she was with an acquaintance.

The evidence of Mr. Doherty, proprietor of a saloon in the neighborhood, was to the effect that the Gaskins woman was with Mills, and that he purchased a bottle of beer for her. It was also evident from the testimony that she left the saloon with him.

Dr. Smith described the result of the autopsy of the remains of Mills. He said it would have been impossible for a person who had received such a wound to have survived from Saturday night until late Sunday afternoon. In his opinion Mills died within two or three hours after having been shot; that it would have been possible for him to have lived six hours.

Several negroes were examined, but nothing definate could be obtained from them, although they were considerably mixed up in the cross-examination of the jurymen.

After the examination of a number of other witnesses the jury retired and returned a verdict to the effect that Mills came to his death by a pistol shot wound through the kidneys and intestines by parties unknown to the jury.

Hughes King and Sarah Haskins, both colored, who had been arrested after the three colored men were taken in custody on suspicion of being implicated in the shooting of Mills, were held by the police to await further developments. The trio arrested at first (Samuel Murray, Lazarus Allen and Wm. Frazier) were dismissed.

Killed by Train.

Mrs. Mattie M. Bly, of Winchester, was instantly killed by a westbound train on the Baltimore and Ohio Railroad about 10:80 o'clock Monday night at Harper's Ferry, W. Va. She had left Winchester at 6 o'clock for the home of her son, John Slayton, at New Castle, Pa., where she expected to live in the future, and was waiting for the Pittsburg express at Harper's Ferry, when the train came out of the tunnel. Several men shouted to the woman to get off the track, but she became bewildered and, it is said, walked up the track in the direction of the approaching train. Nearly every bone in her body was broken. Mrs. Bly was a native of Scottsville, Albemarle county, and lived at Lebanon Church before going to Winchester. Her first husband was John Slayton and her second Mace Bly, both of whom are dead. In addition to her son at New Castle she leaves two daughters, Miss Doshia Slayton, of Alexandria, and Mrs. Annie Miller, of New Castle.

The State school census for 1906 shows a falling off of 60,861 white and 50,951 colored pupils in the past five years, making a total falling off of 111,312. The cause of this great falling off is that under the new constitution the census only takes in those children between 7 and 20 years old. The old census took in children from 5 to 21 years. This causes a loss of about 18 per cent.

An unusual claim was presented to the Richmond City Council at the meeting held Monday night. Mrs. John Taylor asks the city to indemnity her for damage done to an expensive gown, which she says was ruined by a street sprinkler. The watering cart was close to the curb as Mrs. Taylor was passing and a sudden gush of water from the perforated pipes drenched and ruined Mrs. Taylor's dress. According to reports which are circulated in Lexington, the situation at the Virginia Military Institute is critical. It is reported that the third class presented a paper to Gen. Shipp, the superintendent, requesting that better food be served them, else they would withdraw from the school. It is alleged that the superintendent not only did not comply with their request, but gave them a certain time within which to withdraw the paper and apologize, else they would be compelled to take the consequences. The boys have not offered to withdraw the paper or apologize. The belief is that the class will be dismissed today. The board of visitors will meet at the institute tomorrow to discuss the situation.

Cave Discovered.

Mr. George A. Cook, who resides about two and a half miles south of town, has discovered a cave on his property, and a number have explored it as far as accessible. They have found one chamber which is about fifty feet square, and from this there are three openings leading to other chambers. It has not been possible to explore any farther Some years ago a fortune teller told Mr. Cook that there was a large cave on his farm and also that there were large sums of money buried about the place. In one spot the sum of a million in gold was concealed. Although the soothsayer told Mr. Cook the spot, he has never had faith in the prediction to dig for the treasure. The discovery of the cavern, however, lends some color to the fortune teller's words.—[Winchester Star.

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that they declared were entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Two Dyspeptics
If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.
Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.
Kodol
Dyspepsia Cure
contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.
Digests What You Eat
Rests the stomach, rebuilds the tissues and gives firm flesh.
Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

Women In India.

It will be many years before the caste prejudices of India are sufficiently broken down to give any sort of freedom to the Indian woman. From a bride she is unmercifully overworked, but from the day she gives up her childhood to the day of her death—it may be for sixty years—she is secluded and sees nothing of the world outside the walls of her family inclosure. Her happiness or misery, indeed, entirely depends on the manner in which the affairs of the family are conducted. The Indian woman, isolated from the outer world by custom, is again by custom isolated as far as practicable from all the male members of that little inner world to which she is confined. Free intercourse, even with her own husband, is not permitted her while yet her youthful capabilities for joyousness exist. No wonder, then, that absence of jollity is characteristic of the Indians generally, for the happy laughter of a home is denied them by custom in the most persistent manner.

Syrian Name Customs.

In Syria the names of children are very odd. They suggest those of our Indians, inasmuch as the child's name is apt to be something which occurred at the time of its birth—something which interested the parents. For instance, if you were a child of this country your name in all probability would be "Stuffed Cabbage," or "Hotel," or "Civil War," or something akin to these. If a child falls sick his name is immediately changed. Instead of his parents thinking that a piece of pie or too much pudding disagreed with him they attribute his sickness to the fact that his name did not agree with him. When one understands what these names are one does not wonder that the child may have fallen sick because of them.—Philadelphia Press.

Eminently Satisfactory.

Medical Examiner—Suppose you should have a patient with some disease which you knew nothing about. What would you do? Student—Charge him $5 for the examination and then send him to you.

Effect of a Full Stomach.

Give a man all he wants to eat and drink and he will find it easy enough to preach to others upon the duty of abstinence.—Boston Transcript.

He who first praises a book becomingly is next in merit to the author.—Landor.

A Better Motto.

"My motto," said the new lodger, "is 'Pay as you go.'"

The landlady shook her head. "It wouldn't do in my business," she said. "A man might remain a month and then forget his motto when he went. My motto is, 'Pay Saturday night or go.'"

Better Than Signs.

Friend—Are you superstitious? Do you believe in signs? Successful Merchant—No. Newspaper advertisements are better—and cheaper.

A Cold Wave.

"Yes, and after she refused me she waved her hand in farewell."

"Sort of a cold wave, wasn't it?"

Herb W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and save his life. Best in the world for burns and sores. 25c at E. S. Leadbeater & Sons' drug store.

But Few Are Free.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of Indigestion. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind

A Liquid Cold Cure.

A Cough Syrup which drives a cold out of the system by acting as a cathartic on the bowels is offered in Kennedy's Laxative Honey and Tar. Clears the throat, strengthens the lungs and bronchial tubes. The mother's friend and the children's favorite. Best for Croup, Whooping-Cough, etc. A liquid cold cure and the only Cough Syrup which moves the bowels and works all cold out of the system. Sold by W. F. Creighton & Co., 401 King street.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhœa, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.
